MATHEMATICS AND SCIENCE

Start your math and science career at Cayuga

Cayuga can help you prepare for a broad range of math and science careers including:

- | | |
|-----------------------|----------------------|
| Teaching | Physical Therapy |
| Scientific Research | Radiation Therapy |
| Engineering | Medicine |
| Environmental Science | Dentistry |
| Statistics | Horticulture Science |
| Respiratory Therapy | Biotechnology |

Whether your interest is education or health care, energy or engineering, computer science or biotechnology, Cayuga's Math and Science programs can prepare you for a future of high-demand, high-tech career options.

Mathematics and Science Degree

This program is for you if you want to build on your interests in science and math and plan to transfer to a four-year institution for a pre-professional program in a field such as medicine, dentistry, or pharmacology, or for advanced study in biology, chemistry, geology, or allied health.

Concentrations are available in:

Biology

Designed for students who wish to study Biochemistry, Pharmacology, Pre-Medicine, or other health profession disciplines.

Chemistry

Designed for students who plan to transfer to four-year programs and continue their studies in Chemistry or related areas such as Biochemistry, Pharmacology, Pre-Medicine, or Medical Technology.

Geology

Designed for students who plan to transfer and continue studies in Geology, Agronomy, Cartography, Land Use Management, Teaching, or Environmental Sciences and Engineering.

Geographic Information Systems (GIS)

Designed for students who plan to transfer to a four-year program and continue their studies in Geographic Information Systems or related areas such as Resources Management, Geography, Urban Planning, or Environmental Science.

Mathematics Degree

This degree offers a broad-based background in mathematics as preparation for further study in education, computer science, statistics, chemistry, engineering, and other emerging and high-tech fields.

State-of-the-Art

Professional instruction requires hands-on access to state-of-the-art equipment. At Cayuga's Auburn and Fulton campuses, you'll find state-of-the-art equipment and high-tech labs. Students are taught by experienced faculty members dedicated to student success.

2+2 Transfer Gold Program

Cayuga's Math Science program is affiliated with SUNY Upstate Medical College's 2+2 Early Admissions Program. Students who meet the acceptance requirements are guaranteed a position in SUNY Upstate programs such as Respiratory Therapy or Medical Imaging Sciences upon completion of their first 2 years of study at Cayuga. For more information visit www.upstate.edu/prospective/basics/early.php

Financial Aid and Scholarships

More than 85% of full-time Cayuga students receive financial aid. For more information visit www.cayuga-cc.edu/financial_aid

Student Housing

Lattimore Hall, privately owned and managed student housing, offers modern, dormitory-style accommodations just a short ride from the main campus. Visit www.lattimorehall.com for details.

For requirements and detailed course descriptions, view the Cayuga Community College catalog online at www.cayuga-cc.edu.
